Uacademy, Uzbekistan | Jun 2022 – Dec 2023

PROFESSIONAL EXPERIENCE

Web Developer / Frontend Department Lead

OOO "OSNOVA" | Tashkent, Uzbekistan | Feb 2026 – Jul 2026
Online learning and digital education company developing solutions for both B2B and B2C customers.

- Led development across 10+ projects, analyzing business requirements and translating them into efficient, scalable solutions.
- Optimized the main platform serving 3,000+ users by analyzing workflows, user needs, and system performance.
- Identified process inefficiencies and system issues, implementing solutions to improve efficiency, usability, and reliability.

- Coordinated priorities and project progress using GitLab and Trello, collaborating with teams to deliver requirements on time.

Teaching Assistant

Inha University in Tashkent | Tashkent, Uzbekistan | Sep 2025 – Jan 2026
International university specializing in IT, business, logistics, and engineering education.

- Supported student and administrative processes, ensuring accurate handling of records, assessments, and course-related information.
- Organized and reviewed structured data and documentation, identifying inconsistencies and maintaining data accuracy.
- Coordinated quizzes, examinations, grading, and administrative activities, ensuring efficient and timely execution of processes.
- Communicated with students and faculty in an international academic environment.

Frontend Developer

Udevs | Tashkent, Uzbekistan | Sep 2023 – Sep 2024
Software development company delivering digital solutions for B2B and B2C clients across multiple industries.

- Contributed to 8+ B2B/B2C projects, including e-commerce, insurance, and administrative platforms.
- Analyzed business requirements, workflows, and user needs and translated them into digital solutions.
- Worked with structured data and APIs to support business processes and information management.
- Collaborated with cross-functional teams to identify issues, analyze root causes, and improve processes.
- Used Trello and Notion for task tracking, requirements documentation, and project coordination.
